RE: MSDS Request Recording Chart and Pen Products

We have received your Material Safety Data Sheet (MSDS) request for the subject product(s).

1. 32015852 (R25-2) RED MKR
2. 32026418 (R25-3) BLUE MKR

An MSDS is not required for the above listed Recording Chart and Marking pen products since they are defined by OSHA Standard CFR 29 1910.1200 (c) – the Hazard Communication Standard as an “article”.

*Article* means a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees.

If you have any questions or concerns regarding this product, please feel free to contact our staff at (716) 847-7587.

We thank you for your valued order and hope we may continue to merit serving your future requirements.

Sincerely,

*Ken Jablonicky*  
QA/HSE Mgr.
