

PR Paperless Recorder Self-Training Videos Cross Reference Guide by Topic and Video Number		
Topic of Interest	Video #	Video Total Length
Alarms Logged: view logged Reports & Alarms	PR-ST-3	4:00
Alarms Real Time: view Real Time Alarms	PR-ST-3	4:00
Alarms/Events Configuration: Configure/assign to Analog Inputs	PR-ST-2	5:12
Alarms: Configure logging of Alarms	PR-ST-3	4:00
Alarms: Count the number of Alarms per period	PR-ST-3	4:00
Analog Input Configuration: Scan interval, Disable Channels	PR-ST-2	5:12
Application Examples: Sample Flow Volume application using High Frequency Pulse Inputs (Digital Inputs) with Totalizing feature.	PR-ST-10	4:05
Configuration & Alarms (Basic review)	PR-ST-1	3:39
Data Dump Clear Memory: How to clear internal memory of all Data	PR-ST-7	4:51
Data Dump Ethernet: How to Dump Data from internal RAM via Ethernet to PC & view on PC Observer software	PR-ST-7	4:51
Data Dump SD/USB: How to Dump Data from internal RAM and Select USB or SD card	PR-ST-7	4:51
Data File Batch Data View on PC: how to view Batch Data on PC Observer software	PR-ST-8	5:35
Data File Batch Mode: How to Enable & Stop Batch Mode	PR-ST-8	5:35
Data File Save as .csv: How to save Data Files, Events and Reports directly from PR to SD/USB memory in .csv format	PR-ST-8	5:35
Data Storage: Save Data Files directly to USB or SD Memory devices	PR-ST-5	4:16
Data Transfer Mode Logic: Transfer Data from PR RAM Logic configurable as "Dump & Remain" or "Dump & Clear" data from RAM	PR-ST-5	4:16
Data View on PC from SD/USB: View Historical Data dumped to SD/USB on PC Observer software	PR-ST-7	4:51
Digital Input Configuration	PR-ST-3	4:00
Display Views: Configure Auto Cycle between Page Views	PR-ST-5	4:16
Display Views: Default Views & System navigation	PR-ST-1	3:39
Display Views: Trend View Page: Configure Channel Line Color, Range Values and Trend speed (time interval for trend update)	PR-ST-4	4:25
Display Views: Trend, Digital, Bar Graph, All and Combo Trend, Digital & Bar.	PR-ST-4	4:25
Display: Calibrate Touch Screen	PR-ST-6	3:53
Display: Screen Brightness Configuration	PR-ST-5	4:16
Display: Screen Saver Configuration	PR-ST-5	4:16
Firmware: How to view and update Firmware to a new version	PR-ST-6	3:53
Freehand Messaging with Finger or Stylus - Viewing on PC: How to Create, Edit, Save and View freehand messaging on the PR Paperless Recorder	PR-ST-11	2:57
Freehand Messaging with Finger or Stylus: How to Configure, Use, save or not operator messages entered directly on the touch screen via finger or	PR-ST-11	2:57
IP Address: How to view and assign IP Address	PR-ST-6	3:53
Language Configuration	PR-ST-5	4:16
MAC Address: How to view MAC Address	PR-ST-6	3:53
Math Channel Configuration: Configure & Display Math Channels	PR-ST-3	4:00
Memory: View PR internal (RAM) memory status	PR-ST-6	3:53
Memory: View SD & USB Memory status	PR-ST-6	3:53
Security - CFR21 Part 11: How to Configure CFR21 Part 11 function	PR-ST-8	5:35
Status: View Status of AI, DI, DO, Counters & Totalizers	PR-ST-1	3:39
Web Server: How to configure PR Web Server	PR-ST-9	1:25
