## 4.4   Clock

Path: [≡▾](Menu)-More-Config-Clock

Fig: Clock configuration page in Paperless Recorder

Date Style: Selects either month/date/year or date/month/year

Date/Time: Set up the local time. Use directional keys Up/Down to select the column, press "**Enter**" soft button to change the clock data. Then press the "**Apply Time"** Soft button to apply it to the recorder.

Summer time: In some countries of North America and Europe, clocks are adjusted forward one hour near the start of spring and are adjusted backward in autumn. This is commonly referred to as Daylight Savings Time. We refer to this as "Summer Time". A Summer time set provision is available in the paperless recorder. In **Summer time**, Select **Type**: Enable and then set Start (Month, Day, Hour, Min) and End (Month, Day, Hour, Min) details.
